

**Andres Torrado**  
**Security Architect**

**Areas of expertise:**

- IT Compliance
- Security

Andres Torrado is a Security Architect at OneNeck. In this role, Andres is responsible for securing resources and systems to aid the Operations team when an incident arises.

With more than 10 years of information security experience, Andres joined OneNeck in July 2016. Prior to joining OneNeck, he served as the Chief Information Security Officer in Florida's department of Financial Services. In this role, he was closely aligned with the executive leadership team in order to successfully coordinate projects and initiatives within the information security program. Following a department re-organization, the security operations team was created, which Andres led. One of his critical roles was ensuring the department was Criminal Justice Information Services (CJIS) compliant.

Andres holds a Bachelor of Arts in Psychology from the University of Arizona. He has also earned GCCC – GIAC Critical Controls Security certification from the SANS Institute (SysAdmin Audit Network Security). In addition, Andres is a Cisco Certified Network Associate Security (CCNA), Juniper Network Certified Internet Associate (JNCIA) and Accredited Configuration Engineer (ACE) for Palo Alto Firewalls. Outside of work, Andres enjoys coaching in the Tallahassee Park District as well as reading, family-time and playing in an adult baseball league.
